

DIRECTORATE OF INDUSTRIAL LIAISON

NED University of Engineering & Technology
University Road, Karachi-75270 Pakistan

Tel: (+92-21) 99261261-8, Ext: 2274, 2218, Email: dil@neduet.edu.pk

Directorate of Industrial Liaison: Health, Safety, and Environment (HSE) Compliance

NED University's Health, Safety, and Environment (HSE) policy is designed to create a safe, healthy, and environmentally responsible campus. The policy aims to foster a conducive learning, working, and living environment while minimizing the ecological footprint through sustainable practices such as waste reduction, energy efficiency, and eco-friendly transportation.

The university prioritizes the well-being of students, faculty, and staff by ensuring clean and safe facilities while promoting a culture of environmental awareness and responsibility. The Quality Enhancement Cell (QEC) has developed the Quality System Procedure for Health, Safety, and Environment (HSE) to standardize safety practices in alignment with internationally recognized standards, including ISO 14001 (Environmental Management Systems) and ISO 45001 (Occupational Health and Safety Management Systems).

In compliance with QEC guidelines, the Directorate of Industrial Liaison has established its own HSE team, with the following members:

- Director: Dr. Ali Zulqarnain
- Member: Syed Kabeer Ehsan
- Focal Person: Mr. Ayaz Ali Pitafi

The Directorate remains committed to maintaining a culture of safety through continuous training, awareness programs, and infrastructure improvements. Recent initiatives include the implementation of workplace safety inspections, emergency response drills and sustainability campaigns to reduce energy consumption.

We focus on further enhancing HSE compliance and readiness by integrating emerging safety technologies, reinforcing risk assessment protocols, and fostering collaborations with industry experts to ensure best practices in health, safety, and environmental sustainability.
